

THIRTEENTH BOYS RECEIVE JUNE PAY

The Amount Distributed Among Them Was \$17,500.

RAINS HAVE COOLED THE ATMOSPHERE DELIGHTFULLY AND THERE IS A TOTAL ABSENCE OF SUFFERING FROM THE HEAT IN CAMP—FIRST RHODE ISLAND REGIMENT IS STILL IN CAMP AND THERE IS NO TELLING WHEN IT WILL LEAVE.

From a Staff Correspondent.

Camp Alger, Va., July 6.—The members of the Thirteenth received their pay for the month of June today. The amount disbursed among the men of Colonel Courson's command was seventeen thousand five hundred dollars.

The heavy rains of last night left the atmosphere delightfully cool today and there is a total absence of the suffering from the heat which has prevailed for the past week.

The First Rhode Island regiment which came to Alger prepared to go to the front, and which was expected to leave yesterday, has been detained and there is no telling when it will get away now.

An unfortunate accident happened yesterday to Private C. L. Davis, of the Third New York. We went into bath tubs yesterday. He went into the bath tub, and while exercising on some iron rings, missed his hold and fell. The fall resulted in a fracture of two ribs. He was taken to the Emergency hospital, and later on to the Fort Meyer hospital. It is expected that he will be all right in a short time. He comes from Hornellsville, N. Y.

GOSSIP OF THE CAMP.

From a Staff Correspondent.

Camp Alger, Va., July 6.—Yesterday was not only the pleasantest, but at the same time the quietest day in the history of the camp since it was first opened two months ago. After the storm comes a calm, and great excitement and activity are followed by peace. This rule holds good here, for the cheering, the yelling, the hurrahs and the enthusiasm of yesterday are today replaced by a spirit of rest and quietness which have completely settled upon the entire Second Army corps.

The men were fired after their patriotic efforts of the Fourth and crowded into their barracks at an early hour, leaving the streets deserted and noiseless. Yesterday morning at 4 o'clock the Eighth, Twelfth and Thirteenth Pennsylvania were awakened by the sound of bugles and drums coming from the streets of their neighbors. The First New Jersey which was preparing for its practice march to the Potomac. This early morning movement was, however, interrupted by a heavy down-pour of rain which continued for nearly two hours. At 7 o'clock, the weather being clear and fresh, the New Jersey troops and the Ninth colored battalion of Ohio, under command of Major Young, started on their trip.

The new order of drills which are in accordance with United States army regulations for the summer season, went into full operation today much to the satisfaction of the men. In the morning at 6:30 o'clock, the usual company drills were held for an hour and from 8:30 until 9 o'clock the battalions were drilled. This was the order in the Thirteenth with the exception that in the Second battalion evolutions preceded the company drill, and in the First battalion Captain Bobling acted as major. No other drills were given in the morning or in the afternoon. At 6:30 the guard was mounted and at 7 o'clock dress parade was held. Louis T. Mattes filling his old position as regimental adjutant, and Major Walter Wood acting as colonel.

At the same time that the Thirteenth and Twelfth were holding their dress parades a mighty cheer of enthusiasm was raised to the west of them as the last companies of the regiments departing for Santiago left the camp grounds for the trains awaiting them at Dunn 127th.

In accordance with orders received this morning from corps headquarters the following members of the Thirteenth have been transferred to the hospital corps of the First division: Privates Theodore Knadler, of A; Jacob L. Moser, of B; Charles Van Ripper, of C; Arthur Keene and Boyce Dewey, of D; and John McAndrews, of F. The following order was also received:

Headquarters Third brigade, First division, Second Army corps, Camp Russell A. Alger, Va. July 5, 1898.

TEACHERS' ASSOCIATION.

Interesting Meeting of the State Organization at Bellefonte.

Bellefonte, Pa., July 6.—The second day's session of the Pennsylvania State Teachers' association attracted far more people to the court house here today than were present yesterday and the work was marked by a lively interest in various topics considered.

President Brumbaugh was in the chair when the morning session opened and after fifteen minutes had been given to rudimentary music lesson he introduced Dr. J. P. McCaskey, principal of the boys' high school in Lancaster. Dr. McCaskey read a forty-minute paper on "Memory Work in Literature."

The afternoon session proved a pleasant diversion from the regular routine of the work. A special train carrying all of the teachers and their friends was run to State college, where the time was most delightfully spent.

The visitors met at the train by President Atherton and members of the faculty, and escorted to the college chapel. There President Atherton made an address of welcome, to which Dr. Brumbaugh responded on the part of the association.

The nominations for officers for the ensuing year resulted as follows: President, Superintendent E. Mackey, of Reading; vice-president, Superintendent, William H. Schlatter, of York; executive committee, Superintendent Herbert S. Putnam, of Bradford county; chairman, Superintendent Charles Losse, of Williamsport; Miss Elizabeth Lloyd, of Lancaster; Professor Richard Darlington, of West Chester; superintendent, H. A. West, of Tioga county.

Legislative committee: John Q. Stewart, of Harrisburg, chairman; Superintendent G. W. Weiss, Schuylkill county; D. F. Portney, Bellefonte; Samuel Hamilton, Allegheny county; Dr. L. O. Lyte, of Millersburg.

Enrolling committee: Superintendent W. A. Snyder, Clinton, chairman; Superintendent Thoman, Adams county; Superintendent Briner, Cumberland county; Superintendent Shipman, Northumberland.

No invitations having been extended to the association, the time and place for holding the next meeting was left to the selection of the executive committee, with a recommendation in favor of Gettysburg.

BIG CONVENTION.

Arrangements Are Being Made for the Gathering of Christian Endeavorers at Harrisburg.

One of the most interesting features of the big state convention of the Christian Endeavor society to be held in Harrisburg next October will be the practical demonstration of the work of the junior societies under the direction of Miss Minerva Early, who has outlined the programme for the little folks. There is a surprise of the most pleasant character for the convention in this feature of the week's many interesting events. Miss Early is the acknowledged leader in the junior work of Central Pennsylvania, and the programme for the convention is one entirely original and unique.

The Junior Rally committee are preparing an exercise, "Time and Junior Endeavor," which will be rendered by the Juniors of the Harrisburg Christian Endeavor Union. The entire exercise will harmonize with the months of the year, and will be an illustration of Junior committee work as it may be carried out during twelve months of the year. January will chime in the new year with practical endeavor.

Little February will point out three opportunities for usefulness within its twenty-eight days. March will illustrate what March storms may suggest. April will celebrate Independence day. August will go on a vacation. September comes back to school and books, and prepares for the state convention. October will join the "Brownies" in their trip around the world. November will prepare the Thanksgiving feast, and December crowns the year with Christmas joy.

Considerable important business was considered at the meeting of the general committee this week. It was decided that the chairman of the convention consists of the various local societies should constitute an auxiliary committee in the work of arranging for the convention.

Mr. Hammelbaugh, chairman of the committee on finance, made a satisfactory report, especially of the prompt response of the Christian Endeavor societies. Mr. Rottow, the treasurer, said his letters from business men indicated a purpose to contribute generously to the convention fund. The preparations for the gathering of five thousand active and enthusiastic young people from all parts of the state involve considerable expense and the people of Harrisburg will see to it that the committee has the necessary financial support.

Frank Palmer, president of the Harrisburg union, will attend the international convention, at Nashville, next week, and he has been empowered to represent the general committee in furthering the interests of the state convention.

John Willis Baer, general secretary of the Christian Endeavor society, has notified the committee that he will be present at the convention, and other leading workers in this great movement will be present.

Mr. Mack, for the committee on entertainments, reports that private families will entertain delegates at the rate of one dollar a day. The best railroad rate thus far secured is two cents a mile, but it is hoped to do better.

The committee on badges, through Miss Gray, the chairman, recommended a re-delineation of the badge of gold metal, having on the obverse a key-stone with the monogram of the society and around this the words: "Twelfth Annual State Convention—Harrisburg, October 4th, 5th, 6th—1898." On the reverse is a cross with these words: "For Christ and the Church—1838—Pennsylvania C. E. Union."

The reception committee will give a reception to the convention choir of five hundred voices as a drill for concert singing.

There will be no summer vacation for the convention committee. It will have plenty to do until next October and is going about it in a business-like way.

PATROLMAN HAWKS' CASE.

Good Reason to Believe He May Be Reappointed.

There is a possibility that Patrolman Hawks, who was discharged from the police force, may be re-appointed. If his re-instatement isn't attempted at tonight's meeting of select council, it is quite sure of being heard from later.

DISFIGURED FOR LIFE.

Our little girl's humor commenced with a tiny sore on one nostril, but it kept on spreading till we thought she would never get cured. We tried everything we could get, but it kept getting larger all the time, till both nostrils, the upper lip, a part of the lower lip, and up one side of her eye, were a solid sore.

We thought there was no cure, and that she would be disfigured for life. Finally we tried CUTICURA Remedies. We used CUTICURA Ointment, and in a short time she was entirely well, with no scar or trace of the humor.
